

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
REGION III  
1650 Arch Street  
Philadelphia, Pennsylvania 19103-2029

**HAND DELIVERED**

Date

Address

Dear :

As you are aware, the United States Environmental Protection Agency (EPA) collected drinking water samples from your residence, located at \_\_\_\_\_, in January 2012. The purpose of the sampling was to determine whether your drinking water could present a health concern. The enclosed package provides the analytical results for the drinking water samples collected at your residence. Also enclosed you will find information on how to interpret the results. A representative from EPA will be contacting you soon to schedule an appointment to meet with you to discuss your results. The meeting is strictly optional but we want to provide you with the opportunity to meet, if you desire. Please review your results prior to this appointment so that we can most efficiently answer any questions you may have regarding your sampling results.

Families with individual health questions about your data are welcome at any time to contact the Agency for Toxic Substances and Disease Registry (ATSDR). Lora Werner, Senior Regional Representative of ATSDR can be reached at 215-814-3141 or via email at [lkw9@cdc.gov](mailto:lkw9@cdc.gov). If you would prefer a face to face discussion with a representative of ATSDR, please let either Lora Werner or Trish Taylor know, and our agencies will coordinate the scheduling of a meeting. Additional information regarding this site can be found at [www.epa.gov/arweb](http://www.epa.gov/arweb) or [www.epaossc.org/dimock\\_residential\\_groundwater](http://www.epaossc.org/dimock_residential_groundwater).

Please be aware that EPA always takes precautions to protect the privacy of individuals and will do so as it extends to your sampling results. While EPA may develop and share with the public some summary statements describing the overall results from our sampling program we will not be releasing individual homeowner sampling results. If we are petitioned under the Freedom of Information Act for sampling results we will release that information only after we have removed personally identifiable information, such as your name and address.

If you should have any additional site questions other than those referenced above, please contact the site community involvement coordinator, Trish Taylor at 215-814-5539.

Sincerely,

Richard M. Fetzer  
On-Scene Coordinator
