

Legend

- ⊗ No exceedance of EPA ecological screening levels (As/Se),
- ⊗ EPA ecological screening level exceedance (As/Se), ash content <= 10%
- ⊗ EPA ecological screening level exceedance (As/Se), ash content >10%
- ⊗ Not sampled
- ★ Approximate Spill Location

Notes:
 -RED indicates an exceedance of EPA ecological screening levels.

- EPA ecological screening value for As 9.8 mg/kg.
- EPA ecological screening value for Se 2.0 mg/kg.
- All sample locations are FWS-SF11-L-## where ## is the number listed in the label.
- 00 is the location of sample FWS-SF11
