GENERAL AND ECONOMIC GEOLOGY

WEST VIRGINIA GEOLOGICAL SURVEY
L. C. SMITH, STATE GEOLOGIST

GEOLOGY BY
RAY V. HENNING

1909

LEGEND

1. Alluvium

2. Sandstone

3. Shale

4. Limestone

5. Coal

6. Iron ore

7. Copper ore

8. Zinc ore

9. Lead ore

10. Silver ore

11. Gold ore

12. Platinum ore

13. Nickel ore

14. Cobalt ore

15. Manganese ore

16. Bauxite

17. Asbestos

18. Graphite

19. Salt

20. Petroleum

21. Natural gas

22. Water

23. Railroads

24. Highways

25. Towns

26. Rivers

27. Lakes

28. Swamps

29. Forests

30. Agriculture

31. Industry

32. Population

33. Climate

34. Vegetation

35. Animals

36. Minerals

37. Fossils

38. Geology

39. Topography

40. Hydrology

41. Meteorology

42. Oceanography

43. Cosmography

44. Geography

45. History

46. Literature

47. Art

48. Music

49. Science

50. Philosophy

51. Religion

52. Law

53. Medicine

54. Agriculture

55. Industry

56. Commerce

57. Finance

58. Education

59. Culture

60. Society

61. Government

62. Politics

63. Economics

64. Statistics

65. Mathematics

66. Science

67. Philosophy

68. Religion

69. Law

70. Medicine

71. Agriculture

72. Industry

73. Commerce

74. Finance

75. Education

76. Culture

77. Society

78. Government

79. Politics

80. Economics

81. Statistics

82. Mathematics

83. Science

84. Philosophy

85. Religion

86. Law

87. Medicine

88. Agriculture

89. Industry

90. Commerce

91. Finance

92. Education

93. Culture

94. Society

95. Government

96. Politics

97. Economics

98. Statistics

99. Mathematics

100. Science
