

Community Input Requested

EPA representatives will be at the Community Center in Minden, WV, from 10 a.m. to 6 p.m. on Tuesday, May 15, and Wednesday, May 16, 2018, to again request community input on additional sampling locations. EPA's Site Assessment Team is conducting one final round of sampling in June 2018. Community recommended locations, not previously sampled, will be included in EPA's sampling plan.

If you have a location that you would like sampled, come visit us at the Community Center. Marker flags will again be provided so you can pinpoint exactly where you want a sample to be collected. If you are not available during our visit, call the Site Assessment Manager, Justin Bleiler, at (215) 814-3308 to provide the location.
