Drag the **Red Marker** icon to a spot on the map to display the address and possible street view at that location. If the icon is off the map then you can retrieve it by selecting **Street V** or **SV** (Street View) tab is colored gray when a street view is not available. The **Blue Streets** or **B Sts** tab toggles the blue streets overlay. Street views are available. **Search** returns places, ranked by distance, that are open for business at the time the query is sent. Use **Make Link** to get the link URL of this page.
