**Subject:** ACTION REQUESTED: Guam Inland Area Contingency Plan Strategy Development Notes and Next Steps

All,

Below are draft notes for your review and comment. Ideally, you can correct and add based on your notes and recollections. If you weren't at the session and are on this distribution list, it means you have been "volunteered" to either serve on a Subworkgroup or find the most appropriate person from your organization to participate. Also, I need help getting the appropriate initial POCs from organizations like the airport, transportation, GPA, GWA, Guam Bureau of Statistics, etc. (see chart below).

Ideally, we want to incorporate these notes into the ORRT Meeting notes that I aiming to send out by the end of next week (I am still awaiting feedback from some folks who presented/provided updates). In particular, please let me know if you are comfortable being assigned to the Subworkgroups listed below. We will be adding folks to the groups and will be lining up calls with the Subworkgroup leads to discuss timeframes and expectations.

As noted below, the current plan is to have the Guam State Emergency Response Commission/Local Emergency Planning Committee serve as an umbrella Executive body to hear updates from the Subworkgroups at SERC meetings or separate special Emergency/Contingency Plan development sessions. The goal is to have the elements and framework for a draft All Hazards/Inland Area Contingency Plan completed by the Spring SERC and ORRT meeting.

As always, please do not hesitate to contact me 24/7 if any of this gives you heartburn and/or if I can be of assistance.

Best,

Bill Jones  
Emergency Planning and Preparedness

Inland Area Contingency Plan Strategy Development

Kay Lawrence and Michelle Rogow (USEPA) facilitated a Guam Inland Area Contingency Plan Strategy Development session that took place on September 4 at Guam DHS. The session involved active participation from a wide range of constituencies. Key topics covered included:

- Inland v Coastal Jurisdiction
- Current Inland and Coastal GRP and Area Contingency Planning Status/Inventory
- Overarching Discussion including:
  - Chemical and Oil Risk Sources and Vulnerabilities
  - Discussion of Sensitive Habitats
  - Mapping Resources
  - Training needs and how the SCAT Training and November Oil Training Fit Into the Planning process
  - Potential GRPs

Here are the whiteboard brainstorming notes:

**Other ACP Partners (this is a mix of core partners and broader based constituencies)**

This was based on initial brainstorming and not intended to represent a complete list.

- ORRT - Feds
- Marine Port and Airport
- Marine Carriers (e.g., Matson), Shipping Lines, Shippers, Freight Forwarders, Drayage
- Guam Customs and Quarantine (GCQA)
- Bureau of Statistics
- GIS User Group
- GWA (e.g., water treatment facility)
- Hospitals (Medial/Rad Waste)
- Home Depot, Kmart – Lots of limited quantity hazmat
- Guam Fire Department/Hazmat
- Golf Course/landscapes
- USPS
- SERC/LEPC
- GOHP
- Guam Hotel and Restaurant Association
- DOD/JRM
- DPHSS – Division of Env Health
- Fisheries
- Agriculture
- Guam Power Authority
- Water and Environmental Research Institute of the Western Pacific (**WERI**)
- Facilities – Oil, Hazmat: Regulated, Non-regulated
- Pipelines
- Tanguisson Power Plan (Future)
- NRC
- DPW – equipment
- Mayor's Council
- Guam Police Department
- CST
- Port Police
- Army Strategic Flotilla (ASF)

- Airport Police
- Department of Education
- University of Guam

#### INVENTORY OF PLANS

WHAT	WHO	HAZMAT	OIL
Hazard Mitigation Plan	Guam DHS	x	x
Comprehensive Emergency Management Plan	Guam DHS	x	x
CAT Plan (Typhoon)	Guam DHS	x	x
MIACP <ul style="list-style-type: none"> <li>• Saipan GRP - Draft</li> <li>• APRA/Tuman - Draft</li> <li>• Tinian/Rota - future</li> <li>• Other - future</li> </ul>	USCG	x	x
ORRT Regional Contingency Plan <ul style="list-style-type: none"> <li>• Coastal ACP</li> <li>• Inland ACP/GRP(s)</li> </ul>	USEPA/USCG USCG USEPA	x	x
Need Plans <ul style="list-style-type: none"> <li>• Fire Department Plans</li> <li>• Emergency Action Plan</li> <li>• “Inside the Fence Plans”</li> </ul> NOSC, OHS Plan, Navy Base	Guam FD SERC DOD		

The determination was made that the process would benefit from the formation of Sub-workgroups to delve into topics in greater detail.

SUBWORGROUPS	WHO (Leads * will recruit add'l SubWorgroup participants)
<b>Inland Facilities</b> EPCRA, RMP, FRP, SPCC, AST, Other	Galo*(Guam EPA), Fire Dept., Bazely (USEPA), Reich (USEPA); Guam EPA Division Heads (e.g., water, waste, hazmat, air)
<b>Water Resources</b> Drinking Water/Natural Resources	Brian Bearden (USPHS)*, Galo, Jesse Cruz (Guam EPA)
<b>Data Architecture</b>	Rogow (USEPA)*, Galo, USCG, GuamDHS
<b>Sensitive Sites</b> Ecological, Cultural	Whitlock* (DOI)
<b>Training</b> Clearinghouse, Strategy	Jones (USEPA)*, USCG, Michelle L. (Guam EPA), Musante (USEPA)
<b>GRP Priority Areas</b>	Guam EPA, USEPA
<b>Transportation</b> Ports, pipelines, vessels, trucks	Guam EPA, Port of Guam

The Guam State Emergency Response Commission and Local Emergency Planning Committee will serve as an umbrella Executive body to hear updates from the Subworkgroups at SERC meetings or separate

special Emergency/Contingency Plan development sessions. The goal is to have the elements and framework for a draft All Hazards/Inland Area Contingency Plan completed by the Spring SERC and ORRT meeting.
