[Redacted name]

barrels over and destroyed the house. I am tired of this. It is used motor oil that can be used in tractors. Not anything bad

This would be a lot easier on the phone. Do you have any photos of the drums being tipped over? Did they spill, or just get upended?

I can't go down there right now. I am a nurse and have to stay away from COVID areas. I had a pic sent by you guys. I can't go in until this is lifted. There are plans in the works for someone to pick up and have destroyed. I guess what upsets me is everyone running all over the land that is not theirs and destroying it. I will let it be taken care of.

And will notify you when o do

Please reference the correspondence from EPA on proper disposal. If you cant comply with that, please refrain from acting and contact Annette.
