Federal Resources

Federal Resources Available for Response

EPA Region 5 Equipment Catalog

The [EPA Region 5 Equipment Catalog](#) details available response equipment including where the equipment is located in Region 5.

EPA Region 5 Emergency Response Capability

The [EPA Region 5 Emergency Response Capability Catalog](#) details the capabilities of EPA Region 5's Emergency Response Branch.

State Resources

State Resources Available for Response:

Wisconsin Department of Natural Resources

The Wisconsin Department of Natural Resources (WI DNR) utilizes zone contractors for cleanup activities. The zone contractors are divided into six zones (Northern 1, Northern 2, Northeast, West Central, South Central, and Southeast) and each zone has three contractors for each of the following tasks, all hazards, petroleum, and manure. These contractors can respond to incidents 24/7. WI DNR may also use their wardens to assess spills both on land and on water bodies until state responders arrive on scene.

Tribal Resources

Tribal Resources Available for Response

Local Resources

Local Resources Available for Response

Private Sector Resources

Private Sector Resources Available for Response

Other Resources

Other Resources Available for Response
