Federal Response Plans

EPA/USCG Joint Regional Contingency Plan/Area Contingency Plan

EPA Region 5 and the U.S. Coast Guard developed a joint [Regional Contingency Plan \(RCP\)/Area Contingency Plan \(ACP\)](#) to address releases of oil and hazardous substances. This RCP/ACP fulfills the requirements of Sections 300.210(b) and (c) of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP) and Section 311(j)(4) of the Clean Water Act (CWA), as well as relevant portions of the National Response Framework, particularly Emergency Support Function #10—Hazardous Materials (ESF #10).

Adjacent EPA Inland Zone Sub-Area Plans

The following inland zone sub-areas are adjacent to the Southeast Wisconsin Inland Zone Sub-Area and can be found on rrt5.org:

- Northeast Wisconsin Inland Zone Sub-Area;
- Horicon Marsh Inland Zone Sub-Area;
- Chicago Inland Zone Sub-Area;
- Northern Lower West Michigan Inland Zone Sub-Area;
- Southern Lower West Michigan Inland Zone Sub-Area.

US Coast Guard Area Contingency Plan (2021)

[2021 Sector Lake Michigan Area Contingency Plan](#) and Geographic Response Strategies for (A) Northern Wisconsin (B) Southern Wisconsin (C) North East Illinois (D) North West Indiana (E) Southern Lower West Michigan (TBD) (F) Northern Lower West Michigan (G) Northern Michigan.

State Response Plans

Wisconsin Emergency Response Plan (2017)

Wisconsin Emergency Management (WEM) developed a [Wisconsin Emergency Response Plan \(WERP\)](#) to manage multi-agency state response to large-scale emergencies that exceed local response capacity. Wisconsin takes an all-hazards approach to emergency planning and preparedness by developing a comprehensive function-based emergency response framework that can be activated across a spectrum of types of emergencies. The goal of all emergency planning is to create systems to ensure that responders from multiple services, sectors, jurisdictions and levels of government can effectively communicate, coordinate and integrate their efforts.

Tribal Response Plans

Tribal areas in the Southeastern Wisconsin SACP are limited to urban locations. At the time of this writing no known response plans are available in this sub-area.

County Response Plans

Links to local response plans or county emergency management agencies are listed below.

County	Contact	Phone Number	Email	Plan Link
Manitowoc County	Travis Waack, Director	(920) 683-4207		Manitowoc County All Hazards Mitigation Plan 2014
Ozaukee County	Scott Ziegler, Director	(262) 238-8398		Ozaukee Comprehensive Emergency Management Plan 2013
Sheboygan County	Steven C. Steinhardt, Director	(920) 459-3360	steve.steinhardt@sheboygancounty.com	Sheboygan County Hazardous Materials Response Plan
Milwaukee County		(414) 257-4709		Milwaukee County Comprehensive Emergency Management Plan 2017
Racine County	David L. Maack, Emergency Management Coordinator	(262) 636-3515	RCEmergencyManagement@racinecounty.com	Racine County Comprehensive Emergency Management Plan 2019
Kenosha County		(262) 605-7900	disaster@kenoshacounty.org	Kenosha County Hazard Mitigation Plan Update: 2017-2022

Private Sector Response Plans

The following facilities in the planning area have FRPs on file with EPA.

Facility	Location	County
Us Venture Inc	Milwaukee	Milwaukee
Shell Oil Products US-DOT Facility Only	Milwaukee	Milwaukee
MKE Fuel Co., Bulk Fuel Farm	Milwaukee	Milwaukee
Buckeye Terminals LLC	Milwaukee	Milwaukee
Flint Hills Resources LP, Milwaukee Terminal	Milwaukee	Milwaukee
US Oil	Milwaukee	Milwaukee
IFI Terminal Milwaukee LLC	Milwaukee	Milwaukee
Citgo Petroleum Corp	Milwaukee	Milwaukee
Construction Resources Management Milwaukee	Milwaukee	Milwaukee
Wisconsin Electric Power	Union Grove	Racine
South Harbor Milwaukee Terminal	Milwaukee	Milwaukee
Benz Oil Corporation	Milwaukee	Milwaukee
PPG Industries, Inc.- Oak Creek	Oak Creek	Milwaukee

Other Response Plans

EPA Inland Response Tactics Manual

EPA developed an [Inland Response Tactics Manual](#) with general tactics to be applied during initial response to a spill of oil in fresh water.
