Re: Allied Leather Site, NHN000153508, Boscawen, NH
Administrative Record Collection 67175

Dear Ms. John,

This letter is to inform you that the Environmental Protection Agency (EPA) has prepared an Administrative Record for the Allied Leather Site (NHN000153508) in Boscawen, NH Removal Action.

The Administrative Record is available for public review online at:

<https://go.usa.gov/xuSkF> (case sensitive)

<https://cumulis.epa.gov/supercpad/cursites/csitinfo.cfm?id=0153508>

This Administrative Record (Collection 67175) was prepared to support the Request for Removal Action Memorandum signed on April 1, 2022.

Any future amendments to the Administrative Record file will be available using the same URL, above.

Please contact the SEMS Records and Information Center at 617-918-1440 with technical questions pertaining to accessing the Administrative Record.

The Administrative Record is a collection of documents that form the basis for the selection of a removal action. The Administrative Record is required pursuant to the National Contingency Plan (NCP) [40 CFR 300 Subpart I](#). While the [2015 amendments](#) to the NCP now allow for electronic distribution of Administrative Records, the NCP still requires the EPA to establish a field repository that provides the public with access to the information available via the internet. Thank you cooperating with the United States Environmental Protection Agency to provide the public with this service.

Questions about this administrative record file should be directed to the EPA New England site manager, Karen Way (617) 918-1256, Way.Karen@epa.gov

Again, I would like to thank you for kindly cooperating with the United States Environmental Protection Agency in serving as a Field Repository for the Allied Leather Site in Boscawen, NH.

Sincerely,

Inglis, Holly
